Newsletter: Discussion was held on whether we needed to put out a Newsletter. It was decided that putting clips on the Facebook page that lets everyone know what the CCC committee is doing. Jesse is going to add this information to our FB page, so direct the information to her.

Completing of Tracks: Heidi is going to work on the wording about certifying on the same day by the same certifier, and then a second day with a different certifier. The discussion was that Level 1 of Basic needs to be completed before moving on to other tracks. Once the Basic track was completed then the animal can work on multiple tracks. Example Level 1 Basic and Level 1 PR. As long as the Basic track is done.

We are putting a contact list together as a committee, so we all have each others contact information.
